## TECNICAL SKILL

- Language : C/C++, C#
- Web: HTML, CSS, PHP
- DATABASE: MySQL
- Framework: Bootstrap, .NET
- Tools: Linux, Vscode,Code-blocks,Git
- Concept: OOP Principales, Data Structure, Algorithms.

## REFERENCE

**MAHAMUDUL HASSAN**  
mahamud.ipe@aiub.edu

**DR. MUHAMMAD FIROZ MRIDHA**

firoz.mridha@aiub.edu  
Associate Professor(AIUB)

**DR. ASHRAF UDDIN**  
dr.ashraf@aiub.edu

Assistant Professor

**DR. S. M. HASAN MAHMUD**  
hasan.swe@aiub.edu

Associate Professor(AIUB)

## EDUCATION

### American International University-Bangladesh (AIUB)

**B.S.c, in Computer Science and Engineering** \_2019-2023

**Special course:** HCI (Human-Computer Interaction), **SQT** (Software Quality Testing), **SDPM** (Software Development and Project-Management), **Computer Vision**.

**Awards:** Dean's List (5/12 semester)

### Vasha Sahid Abdul Jabbar Anser VDP School and Collage

HSC -(Higher Secondary School Certificate) 2017-2018

### Vasha Sahid Abdul Jabbar Anser VDP School and Collage

SSC, (SecondarySchool Certificate) 2014-2016

## PROJECT

### ATM management system August2021

This system was built using **(C#)**, it was a prototype of a ATM system, it can take user information store data, and calculate, for store data I use xampp.

### Snake game March 2019

It was a Snake game using **C++**. User can give their input, to move the snake up, down, left, and right to get to the target

### Restaurant Rangement system(web page) March 2022

Using **PHP programming language, HTML, and Xampp**, It was an e-restaurant project and my part was the · Delivery boys, it can **store data** from both users and workers, after login Workers can see the order and user can track their order also.

### Canteen Management System December 2020

Designed and developed an efficient canteen management system using **Java**, streamlining operations and enhancing user experience. Implemented intuitive **UI/UX**, optimized database interactions, and integrated secure **payment gateways**.

### Tourism planer (website) March2023

Designed and developed an interactive tourism planner using **HTML, CSS, PHP**, and **XAMPP**, seamlessly integrating dynamic features for enhanced user experience. Implemented real-time data processing, user authentication, and itinerary customization to create a user-centric travel solution.

## EXTRACURRICULAR ACTIVITIES

Boy Scout( Attended 2 scout zila assemblies.)  
BNCC, (Bangladesh National Cadet Core)
